29*4 *August* SHAKESPEARE'S ' RICHARD THE SECOND * *A R* , m 89 , *STC,* 22307, facsimile edited by W Griggs and P A Daniel, 1890

This was a most popular book and went quickly into three editions , the first is anonymous, but Shakespeare's name appears on both editions of 1598

There was no further edition until 1608 which first included the Deposition Scene , presumably after the troubles of Sir John Ha} ward (who was imprisoned in 1599 for injudiciously dedicating *The first part of the reign of King Henry IIII* to Essex) it was thought inadvisable to continue publication
